Ms. Laura Piluso, Human Resources Coordinator
PowerStream Inc
161 Cityview Boulevard,
Vaughan, ON Canada
L4H0A9

Dear Ms. Piluso:

During my online orbis research, I was excited to see the current opening for Service Desk Analyst at PowerStream Inc. I feel my qualifications as an ASP.NET Programmer and your requirements are a good match. This is the reason that I am applying for this ASP.NET Programmer position with my resume and cover letter.

I have much experience to offer in this field, with bachelor degree in computer engineering and computer programming from Georgian college as well as six months as an Asp.Net Developer.

My abilities to create web application that meet client requirement, work as a team player, and meet deadlines combined with my attention to detail would contribute to my success in your company. I possess web programming skills, C# and VB programming skills, SQL Server, business writing skills. My outgoing and friendly nature allows me to interact well with other individuals at all levels.

I feel confident that, given the opportunity, I can make an immediate contribution to your corporation. The enclosed resume summarizes my background and experience and you can also contact my student development co-op/internship consultant, Rita Pittman for more information. Thank you for your consideration, I am available to discuss further prospects at your convenience.

Sincerely,

Riteshbhai Patel
